THE READING

From https://breakingnewsenglish.com/2611/261119-gta-6-1.html

Grand Theft Auto 6 has been released. Millions of fans are playing it. They have waited 13 years for this new game. Gaming experts say it could be the biggest entertainment release ever. It has sold millions of copies. It will make billions of dollars. Some excited fans are taking days off work to play it. A company in the UK said workers took 83,000 days off to play the game. Many fans tried to change the region settings to play the game earlier.

GTA 6 has great reviews for its high-quality graphics. Players can explore a world of crime and follow the lives of criminals. However, experts warn that this is not good for children. It contains violence, car theft, bad language, and drugs. A media expert said: "In GTA, players commit crimes, sometimes against ordinary people." The game is popular, so many children will play it. Experts say parents should talk about the game's content to their children.
