THE READING

From https://breakingnewsenglish.com/2611/261119-gta-6-2.html

Grand Theft Auto 6 has been released. Millions of gaming fans are now playing it. They have waited 13 years for a new GTA game. Gaming experts say the latest version could be the biggest entertainment release ever. It has sold millions of copies, and is set to make billions of dollars. Some excited fans are taking days off work or school to play it. A company in the UK said that workers in Britain booked around 83,000 days off to play the game. Many fans tried to change the region settings on their games consoles to play the game earlier.

GTA 6 has excellent reviews for its high-quality graphics and exciting story. Players can explore a world of crime and follow the lives of two criminals. However, experts warn that the game is not suitable for children. That is because it contains violence, car theft, bad language, drugs, and sexual content. A media expert said: "In GTA, players commit crimes, sometimes against ordinary people who did nothing wrong." The game is popular, so many children will play it. Experts say parents should talk about the game's content and set clear rules.
